## SEEKING OSTEOPATHIC PRINCIPLES & PRACTICES (OPP) FACULTY

**Summary:** WVSOM is seeking a full-time tenure track position in Osteopathic Principles & Practices (OPP) Medicine. Candidate must have a D.O. degree from an accredited college/school of osteopathic medicine and be residency trained and board-certified or board-eligible in their specialty college. The successful candidate must also be eligible for licensure in the State of West Virginia.

**Responsibilities:** Primary responsibilities include providing pre- and post-doctoral education and training to WVSOM students, interns and residents. In addition, this faculty position will provide education in osteopathic principles and practices and assist in providing OPP integration in all phases of the WVSOM pre-and post-doctoral curriculum. This position also includes a clinical practice component including OMM, non-surgical orthopedics, physical medicine and rehabilitation services and/or interventional pain management if desired. Research opportunities are available if desired.

**Benefits:** WVSOM offers an excellent benefits package including educational loan repayment, fully paid malpractice insurance and relocation expenses. Salary and faculty rank

based on experience and training. We also have ultra-modern lecture and laboratory facilities.

Our ambulatory clinic is a state-of-the-art facility serving communities in the greater Greenbrier Valley area and providing care for a population base of approximately 75,000. The clinic specializes in Geriatrics, Geriatric Psychiatry, Family Medicine, Internal Medicine, Pediatrics and Osteopathic Manipulative Medicine and Interventional Pain Management. The clinic has 66,000 patients annually.

Our campus is located in Lewisburg, a picturesque community nestled in the Appalachian Mountains. In addition to being named as one of America's Best Small Art Towns, Lewisburg has an array of eclectic restaurants, outdoor activities, antique shops, art galleries and live theater supported by varied local artists and benefactors. The community is also supported with a regional medical center and excellent educational opportunities for students of all ages.
